

E27 Pendant Cluster

— Mattias Ståhlbom

Designed by	Mattias Ståhlbom
About the Designer	Mattias Ståhlbom is an internationally renowned architect and partner at the Stockholm-based architecture and design studio, TAF Architects. Their aim is to make ordinary life less so through subtle yet effective amendments to how products and architecture appear and function. Mattias Ståhlbom's products have been exhibited at prestigious venues such as MOMA in New York and the Swedish National Museum in Stockholm.
Environment	Indoor
Country of Production	China
Description	The E27 Cluster Pendant transforms the simplicity of the E27 Pendant Lamp into a striking multi-light composition. Combining industrial character with Scandinavian simplicity, the exposed LED bulbs and silicone rubber sockets create a graphic and contemporary expression. Suspended together in a balanced arrangement, the lamps form a distinctive lighting feature suited for any space.
Material	<p>The E27 Pendant Lamp is pressed in vulcanized silicone rubber under high temperature. Inside plastic socket and PVC cord is assembled by hand.</p> <p>The silicone rubber is made from silicone elastomers, created with extensive flexibility, durability and strength.</p> <p>The canopy is made from injection-moulded ABS with steel brackets. The cross bracket is fitted with a hinge, allowing the canopy to be opened, adjusted, and closed to facilitate installation and adjustment of the lamp lengths.</p> <p>The canopy is equipped with a strain relief and a connecting terminal. The cord is included. For the US variant, the canopy is made using 50% post-consumer recycled ABS.</p>
Cleaning & Care	The lamp should be cleaned with a soft, dry cloth. The electricity supply should always be switched off before cleaning.
Light source included	Yes
Dimmable function	Yes
