

# VISU CHAIR WOOD BASE

**MIKA TOLVANEN ON THE DESIGN** “The idea for the Visu Chair was to create an elegantly simple interpretation of the archetypal plywood chair. I wanted for the design to have a subdued and timeless character that would add feelings of modern familiarity to any room together with a comfortable seat in form-pressed veneer. Designing the chair as a family that were all aesthetically linked yet could be used for different functions was a study in adapting a design to its surroundings and a process that lasted nearly two years. The Visu Chair is a new perspective on the traditional wooden chair, echoing the ideas of Scandinavian design together with a modern expression.”

## CLEANING AND CARE

Use moist cloth first, then wipe off excess liquid with dry cloth. Remove stains using a mild mixture of water and detergent. Avoid contact with sharp objects as these can leave scratches in the wood and lacquer.
